

DS-POLYWRAP-REV2-APR13

POLYWRAP

Manual tool for the application of cold applied tapes.

- E-Z Adjustable overlap Control (Change Width of overlap by simple screw controls)
- Controls Constant Tape Tension
- Fits different pipe diameters
- Applies All Cold Applied Tapes (with or Without Release Lines)
- Applies 2" Through 6" Width Tapes
- Applies one tape at the time (inner and outer tapes in separate passes)
- Suitable for over the ditch and in the ditch application with minimum clearance around the pipe.

HAND WRAPSTER - GENERAL DESCRIPTIONS AND COMPONENTS

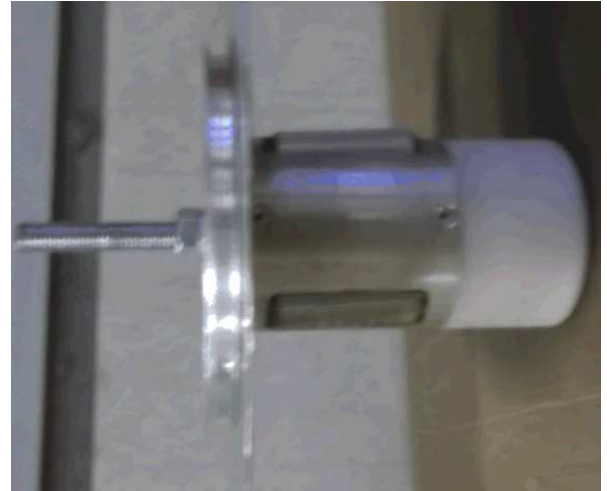

Pcn.	<u>Tape Wrapping Tool Description</u>	<u>Use</u>	<u>Core OD</u>	<u>Max. tape width</u>	<u>Max. tape roll diameter</u>	<u>Min. Clearance around pipe</u>
859456-000	EQ-POLYWRAP-2-100MM-C41 (*)	≥ DN80	1.75"	100 mm	170 mm	Min. 250 mm
295852-000	EQ-POLYWRAP-4-150MM-C41 (*)	≥ DN200	1.75" 3" optional	150 mm	255 (260) mm	Min. 400 mm

(*) with release liner recovery

Polywrap-4 - Optional Accessories

389646-000 EQ-POLYWRAP-4-SHAFT-76MM-3INCH

Optional shaft for tape rolls with 3" core

501562-000 EQ-POLYWRAP-4-EXT-SET-SHORT

Optional small extension arms on pipes \geq DN500

766820-000 EQ-POLYWRAP-4-EXT-SET-LONG

Optional large extension arms on pipes \geq DN900
