**2 YEAR GUARANTEE**

## DURABILITY

### DURABILITY

The performer tests and analysis guarantee safe warmness comfort. There are two standard versions white and chrome. However, CX towel dryers can be supplied in any RAL palette colour.

## COMFORT

### COMFORT

ELEKTRA CX bathroom dryers are reliable, for use in all seasons. Their selfcontainedness and independence from the existing heating system allows all-the-year-round operation, always when there is a need. Additionally ELEKTRA CX bathroom dryers are perfect towel hangers.

## APPEARANCE

### APPEARANCE

ELEKTRA CX bathroom dryers have been designed as multi-functional heating appliances, adding elegance to any bathroom.

ELEKTRA bathroom dryers are easily installed. Bathroom dryers and heaters are mounted to the wall with special brackets. Each kit, apart from the brackets, has choice masking elements in the colour of the dryer/heater to cover screw fasteners neatly.

Connecting to the 230V AC home power net is effected by the means of an earthed connecting cable (CX...N) or earthed plug (CX...).

### Standard version. Power lead with plug.
